JULY NO MONTH FOR BABIES

Chicago, Illinois, is conducting a campaign which bids fair to determine which is the best month for babies. Mrs. Walter S. Brewster, vice-chairman of The Fatherless Children of France, and in charge of a national campaign to secure American aid to the extent of 10 cents a day for one year for 60,000 little French war waifs, issued an appeal for birthday donations of \$3.00 to care for a child during the donor's birthday month.

The returns disclosed that it is almost impossible to unearth a July birthday. A group of children of Lake Forest families—Lake Forest being the wealthiest suburb of Chicago—undertook to form an adoption group of the twelve calendar months. January, February, March, and all the other birthdays were easy to find, but no July child has yet been discovered and the local papers are advertising for July children.

What's the matter with July? To adopt a fatherless little French war waif, which means to act as its American godmother or godmother while it remains with its own mother in France—or to make a birthday donation, write to Mrs. Walter S. Brewster, Room 635, 410 S. Michigan Ave., Chicago. Every cent donated goes direct to the child. The small expenses of the work are paid by interested friends.

Mrs. J. E. Perkins and children returned Saturday from Wichita.

GAVE LIFE IN SERVICE

We are attempting to compile an accurate and complete list of those men who gave their lives in service during the war. This list will be furnished to the Oklahoma State Historical Society so that as the time comes when Oklahoma and its different counties erect monuments in the memory of these men a correct list may be available for their use, and for other purposes.

Please send information concerning names to the Herald, Beaver.

EXPERTLY blended choice Turkish and choice Domestic tobaccos in Camel cigarettes eliminate bite and free them from any unpleasant cigarettey aftertaste or unpleasant cigarettey odor.

Camels win instant and permanent success with smokers because the blend brings out to the limit the refreshing flavor and delightful mel-

low-mildness of the tobaccos yet retaining the desirable "body." Camels are simply a revelation! You may smoke them without tiring your taste!

For your own satisfaction you must compare Camels with any cigarette in the world at any price. Then, you'll best realize their superior quality and the rare enjoyment they provide.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

NORTH FORK
An ice cream social was given at the home of Mr. and Mrs. P. J. Gheen, Saturday eve the 12th in honor of their son, Percy. There were several other soldier boys present each giving an interesting talk on their trip to and from France. The entertainment was given under the management of the Mothers' Club to which the entire community was invited and to which about 200 guests responded. A most enjoyable time was had by all present. The Thursday following a similar entertainment was held at the home of John Davis in honor of Ben Davis who had just recently returned home from France. Abundance of ice cream and cake were served at both receptions and the guests were treated to some splendid music.

Mrs. Wesley Jenkins entertained at dinner Sunday in honor of Miss Laura Henson from Beaver who was the guest of Miss Clarence Williams the past week. Invited guests were: Ralph Chestnut and sister, Miss Edith; The Misses Eloise Good and Molly Maynard, Mr. and Mrs. Arthur Williams and family.

Mrs. Roy Gheen spent the past week with her sister, Mrs. Wiley Allen near Lakemore.

Mrs. Sam Whitlow and Miss Leone Allen spent Friday with Mrs. Percy Gheen.

Bernie Berlin spent last week visiting Miss Pearl Clark.

Ruth Nelson stayed Thursday night with the Mickel girls.

Mrs. Clyde Mahaffey received word from her brother, Ben Madison, who has been in Germany for several months, that he was on his way home.

Mr. and Mrs. Frank Peterson spent Sunday with Mr. and Mrs. P. J. Gheen and family.

We understand Mr. Cables and the Gensman brothers will start their threshing machine this next week.

Mrs. Mahaffey was helping Mrs. Arthur Williams can beans with her new pressure cooker the past week.

Mrs. Williams just purchased her cooker and knew nothing about operating it. There are quite a few cookers in this and adjoining districts and they are certainly a wonderful invention.

Will Shephard's baby has been quite sick, but is much improved at present.

The youngest child of Mr. and Mrs. T. R. Dally has been dangerously ill but is recovering slowly. He is still in a very helpless condition.

Miss Edith Chestnut was assisting Mrs. Lawson cook for threshers Friday.

Jim Crabtree of Beaver was exhibiting one of his new Dori cars in this neighborhood Friday evening.

Mrs. Wesley Jenkins gave one of her delightful musicales Saturday night. About 250 guests were present to enjoy the fine music. Lemonade and cake were served. The guests departed at a late hour, assuring the hostess they had spent a pleasant evening.

REGISTER W. S. S. CERTIFICATES

Lost or Stolen Certificates Will Not Be Replaced Unless They Are Registered.

A War Savings Certificate which has been lost or destroyed will not be paid nor will a duplicate thereof be issued, unless the certificate has been registered in accordance with the regulations and instructions issued by the Postmaster General, announces the Treasury Department at Washington.

In the event of the loss or destruction of a registered certificate, the registrant may apply to the postoffice where the certificate was registered either for a duplicate certificate or for the payment thereof. After the issuance of the duplicate certificate, the original becomes invalid. No duplicate certificate will be issued after maturity of the original.

War Savings Certificates may be registered without cost at any postoffice. Unless registered, the Government will not be liable if payment of any certificate is made to a person who is not the rightful owner.

"Thrill is the surest and strongest foundation of an empire; so sure, so strong, so necessary, that no nation can long exist that disregards it."—Lord Rosberry.

At Last—A One-Adjustment Cream Separator

BEFORE you buy any cream separator, come in and look at the Primrose. One adjustment is all that is necessary to keep it in perfect operating condition at all times. This adjustment is a simple one for keeping the bowl at the correct height—an adjustment that you or your wife can safely make, whenever it's necessary.

The adjustment is made from the outside of the separator by either raising or lowering the bearing containing the hardened steel point, upon which the spindle revolves. A slight turn with a screwdriver, perhaps once a year, does the work.

The Primrose is a well-constructed, close-skimming, durable cream separator. It will make a saving of \$10.00 to \$15.00 per cow in your herd every year. It is made in four sizes to separate 350 to 850 pounds of milk per hour, or from about 40 to 98 gallons. Ask for a catalogue giving a complete description, or, come in and look over the Primrose yourself.

The Primrose is Built for Service

BOTH the reasons why you buy a cream separator are met fully by the Primrose. The first is to get all the cream with the least work; the second, to buy a machine that you or your wife can easily keep in operating condition, and that will skim closely for years.

You know that there is nothing about a Primrose to get out of order. You know, too, that it has a splash oiling system that takes care of every bearing, and that it is a clean machine—no oil in the milk, and no milk in the oil.

But the Primrose has some other exclusive features you ought to know before you buy any separator. For instance, at any position, the handle takes hold the instant pressure is applied, and lets go the instant the pressure is taken off. The spindle stays in the separator where it belongs. When you place the bowl on the spindle, it centers itself automatically without any pounding and without trying more than once—that saves the lower spindle bearing and prevents dangerous springing of the spindle itself.

No matter what separator question you bring up, you will find it fully answered by the Primrose. Come in and take a good look at it before you buy.
